

# LFG SPECTRA BOX

## GROW MANUAL

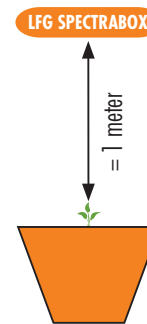

### Week 1

-  Light: Switch on blue light only
-  Distance lamp to plants: 1 meter
-  Light on/off: 18 hours on | 6 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 0,8
-  Watering: 3x a day on the leaves
-  Air humidity: < 30%

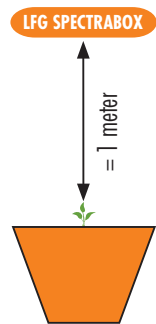

### Week 2

-  Light: Switch on blue light only
-  Distance lamp to plants: 1 meter
-  Light on/off: 18 hours on | 6 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 0,8
-  Watering: 1x 2 days, not to wet
-  Air humidity: < 30%

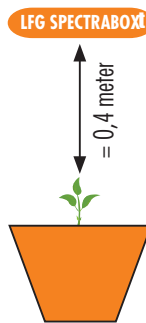

### Week 3

-  Light: Switch on blue light only
-  Distance lamp to plants: 1 meter
-  Light on/off: 18 hours on | 6 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 0,8
-  Watering: 1x a day, not to wet
-  Air humidity: < 30%

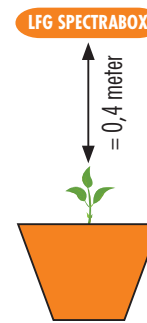

### Week 4

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 1,6 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

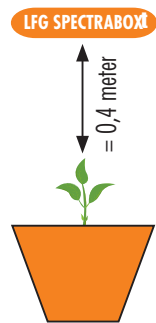

### Week 5

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 1,6 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

### Week 6

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 1,8 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

## Week 7

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 1,8 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

LFG SPECTRABOX

## Week 8

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 2,0 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

LFG SPECTRABOX

## Week 9

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 2,1 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

LFG SPECTRABOX

## Week 10

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 2,2 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

LFG SPECTRABOX

## Week 11

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 2,2 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

LFG SPECTRABOX

## Week 12

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 2,2 or follow instructions manufacturer
-  Watering: 1x a day with nutrients, not to wet
-  Air humidity: < 30%

LFG SPECTRABOX

## Week 13

-  Light: Switch on red and blue light = full spectrum
-  Distance lamp to plants: 0,4 - 0,6 meter
-  Light on/off: 12 hours on | 12 hours off
-  Temperature: 24 - 27°C
-  pH: 5.5 - 6.0
-  Nutrition / EC: 0,8 or follow instructions manufacturer
-  Watering: 1x a day, only water
-  Air humidity: < 30%

LFG SPECTRABOX

## Information

- Soil:** Use high quality potting soil from gardening specialist
- Nutrients:** LED Spectra all in 1 nutrients for led growing
- Led:** LFG Spectrabox: 150/ 200/ 250/ 300/ 600/ 1200 watt
